PROFILE

Computer Engineering student specializing in Mobile Application Development and interactive game design. Experienced in building full-stack Android applications, integrating Firebase backends, and designing intuitive user interfaces. Served as Technical Head of the Computer Student Association, leading cross-functional teams on civic-tech and productivity projects.

EDUCATION

Diploma in Computer Engineering Saraswati Institute of Technology, Kharghar	95.35% Sept 2023 – May 2026
Secondary School (SSC) S.T. Joseph's High School, Dombivli (East)	71.41% June 2022 – March 2023

EXPERIENCE

IOFT Mobile Application Development Intern	June 2025 – Sept 2025
- Built 3+ Android applications end-to-end using Java and Android Studio, including a feature-rich music player with progress bar controls and multi-screen login flows. - Implemented Firebase Authentication and Realtime Database syncing across 3 production-ready Android applications, ensuring secure user login and consistent data integrity across all builds.	

PROJECTS

Work Scheduler

- Designed and built an Android productivity app tailored for users with short-term memory loss, featuring priority-based to-do lists, daily schedule creation, and persistent task management via Firebase.
- Implemented a MySQL-backed data layer with offline support, ensuring task data was reliably available even under poor connectivity conditions.
- Technologies: XML, Java, Figma, MySQL, Firebase

Nagarik - GPT (Group Project)

- Co-developed a civic-tech platform to accelerate government response times to public grievances, featuring a real-time issue tracking system that gives citizens live visibility into resolution progress.
- Built the Android front-end in Android Studio and connected it to a Supabase backend, enabling scalable, real-time data storage and authentication for multiple concurrent users.
- Technologies: HTML, CSS, JavaScript, Python, Supabase, Android Studio, React

SKILLS

Frontend: HTML, CSS, JavaScript, XML, React

Backend: Java, Python, Node.js

Database: MySQL, MongoDB

SOFT SKILLS

Communication

Leadership

Teamwork

CERTIFICATIONS

- 3rd Topper in Diploma | SIOT, Kharghar
- Participation in State Level Project Competition | MSBTE (Vasai)
- Participation in multiple hackathons and project competitions
